Verse 1 (Rap)

We don't need no Water

Let the Motha... Burn

Trained in the barracks

For the things I didn't learn

Not back at school

But for being a fool

Renegade to the law

'Cause I thought it was cool

Living in a future

Where convicts are the tools

The government will use

To uphold the rules

Sent out to a planet

With high technology

I'm In the military

'Cause Earth couldn't stand me

Killer or a stalker

Don't ask about my past

Today I'm on a mission

So Zerg don't eat Your Ass

Born into a poor family

You do the math

If Fate took change

I wouldn't purchase this path

Caught up in it now

Zero turned a hero

Death by Darwinism

'Stead-of Death by Death Row

If you hear my voice

I'm an Expendable though

Kind of like that old movie

'Cause Command Center controls

Verse 1 (Singing)

Now a soldier in war

I'm in outer space

Placed on a base

Everyday we're seeing

A different alien race

Even when I leave here

We'll move our space base

To start another mission

Military cosmos case

MediVac works great

Maybe when I come back
