

A brief little remix as a tribute to a gal-pal and DJ friend:

DJ HeavyGrinder! ^_^

The track was initially intended to be longer, but the length just seemed—

Fun-cool! ^_^

The accompanying video—a tribute to the awesome track-master known as “HeavyGrinder”

As for the mix, ending is a little—trippy for a TM track, but ultimately this remix was created solely with the ‘tribute vid’ in mind and as ‘fade bait’ [as I like to call it ^^] from one track to another.

[That is, when ya’h go clubbin’ (or listen to iTunes or WinAmp with the “Fade Effect” toggled on. ^^);, the “smooth cruise” from one track to another is the fade. Often, I’ll toss a brief unexpected track between random fades as a kind of ‘ear-grabbing-attention-getter’ during my sets. Thus, “fade bait.” ^^]

As if it’s not already obvious, Sunny LA’s awesome ‘DeJee Fatale’ can be found here:
