

Happy Birthday K-man! ^_^

I was thinking about how friggin' AWESOME Life has been for us all! ^^

Most notably though, I was thinking while creating this 'digital gift mix' for you [Incognito (Tiger M のK-Man Birthday Moose Covert Operations ReMix)] how much of an influence You, Bilal, Rashid, Ni'mat, Zafir, Artis, Mom **and** Dad have all been in my life. =)

Sincerely and truly—I would be remiss should I ever forget that not only are you my brother...

But also of my very best friends. =)
Not only are you of my best friends...

You are also an influential Instructor, Teacher & 先生 [Sensei] in my life
As well as to all of those of us who are younger than you. ^^
[As is mommy for making sure we learned the "Incognito" details of a broad style of music and lifestyles yes? ^^]

Not only are You an influential Instructor, Teacher & 先生. . .
You are also a 'Successful Soul of Existence' to me regardless of 'financial status,' 'world recognition' or any other form of tangible and personal gain [that is destined to 'fade' to 'the past' once we 'pass on anyway.' ^^;]

I Love You.

Very, very much. =)

Indeed, I look forward to the day that your son and daughter may be as enriched and gifted by your presence and Existence as I have these brief [but loong to me! XD] 24 years in-world-in-body—"this one." =)

Thank you for your sharing and gift of guidance
And may the future be bright and far from *Robo-Voice-Effect*

"Incognito!" ^~*

Thanks again for the wonderful gift last year
[not to mention this one and over my lifetime! ^^]

And please...

Keep sharing the truth that is passion-in-music. ^^

HAPPY BIRTHDAY! =D
