

**!!WARNING!! REMIX MEANT FOR DANCE CLUBS!**

TIGER M is not responsible for addiction to this remix nor the uncontrollable urge to dance to it!!  
[Or otherwise... ^^;]

A very special remix for a very special time.

Great thanks To Saul Williams & Trent Reznor [NIN] for creating such a phenomenal original creation  
[not only this track, all of "...Niggytardust"].

An innovative and diverse work in an even more dynamic time space and synergy where Rock-Meets-Hip-Hop-meets-Club [Electronica/House] and is Accepted 'As The Whole' by An Ever-Growing public learning to diversify and accept style(s) of music both classic & previously-non-existent.

Don't blame Your Bod for the unfigtable urge to move!

Enjoy! ^\_~\*
