

The motion picture version of my ‘Holiday Gift to 2009!’ ^_^
[Now In Digital format! XDD]

Initially I was going to get some footage of Starcraft II and Starcraft I battles and have it played during the stints of music—but somewhere along the lines, I thought it would [if not all-but-literally] ‘kill’ the holiday spirit...

So although much of the video is inanimate—it is meant to be comical, Joyful and Enjoyable even. *Best Hanna-Barbera “Mr. Jinx” voice. ^^;*

Several still images were released to see which people liked the most—Welp—apparently the ‘Hydralisk In Giant Cap’ kinda got the most hits! XD

With all the ‘process stills’ in Photoshop CS3, a slide-show was born! =)

And thus this little ‘fun-video’ was shaped and posted.
[A couple of days after the initial release, but still within the 12-days of Xmas!]

Enjoy the music! ^_^
